

Helping Artist Project of the Month

Bear Tote Bag and Pin

Created by Betty Bowers, Helping Artist

Betty Bowers, who began painting in 1979 as a way to stop smoking, believes that you "never know where we are going in life, what path we'll travel." A designer, artist, and author of 11 books, Bowers' work has taken her places that she never dreamed of. And...she hasn't smoked since picking up a paint brush.

This charming bear tote bag and pin is a great project for young children and can be personalized for a special children's overnight tote. Betty can be reached at www.bettybowersdownhome.com or by calling 803-286-5505.

Preparation

- Pre-wash tote bag; do not add fabric softener.

 - Cover cardboard in plastic and insert into bag to provide firm surface to paint on.
1. Using white transfer paper, trace on basic lines.
 2. Mix 1 part Fabric Painting Medium to 1 part Americana Acrylic color on palette or plastic plate.
 3. Using #8 fabric brush, basecoat bear and chalk board with Warm White/Fabric Painting Medium mix and let dry.
 4. Remove board from inside and place thin cloth over Warm White-painted area and heat set with warm iron. (This will help the color not bleed through and give good, finished color.)
